

SMART LABOR
MANAGEMENT

DATA CENTER LABOR ISN'T THE RISK. LACK OF VISIBILITY IS.

PEOPLE + PLATFORM = COMMAND CENTER

HOW SLM GIVES YOU CONTROL ON DATA CENTER PROJECTS

LABOR RAMPS FAST

Hundreds of temps may be needed in weeks.

TEMP LABOR PLANNING

- Forecast labor needs by phase and milestone
- Align manpower with project schedules

NO REAL-TIME VISIBILITY

Too many vendors. No single source of truth.

REAL-TIME VISIBILITY

- See every worker, supplier, and jobsite in one place
- Track hours, **compliance**, and workforce activity live

MARGINS DISAPPEAR QUICKLY

Over time, prevailing wage and, per diem costs quietly kill margins

TEMP LABOR COST CONTROL

- Catch OT and labor overruns before they escalate
- Track per diem, labor spend, and workforce trends

✓ OSHA CARD TRACKING ✓ PREVAILING WAGE ENFORCEMENT ✓ AUDIT-READY RECORDS

SCHEDULE YOUR
LABOR REVIEW

“

“For my role, the **compliance monitoring process** is something that alleviates stress daily and gives me peace of mind, knowing that my manpower is equipped and ready for specific positions on each job site.”

-Instrumentation Supervisor
