

BUILDING A STADIUM IS COMPLICATED. MANAGING THE LABOR BEHIND IT SHOULDN'T BE.

PEOPLE + PLATFORM = COMMAND CENTER

HOW SLM GIVES YOU CONTROL ON STADIUM PROJECTS

ONE OPENING DAY. MULTIPLE TRADES. NO ROOM FOR LABOR GAPS.

MULTI-PRIME COORDINATION

- See live workforce activity across every trade.
- Catch labor gaps before they delay the schedule.

SPECIALTY CREWS ARE HARD TO FIND AND EVEN HARDER TO KEEP.

SPECIALIZED CREW COVERAGE

- Track certifications and crew availability in real time.
- Fill labor gaps before productivity suffers.

PRICE SWINGS AND SCOPE CREEP QUIETLY BLOW THROUGH LABOR BUDGETS.

LIVE COST CONTROL

- Spot labor cost overruns before they escalate.
- Track labor spend by trade, zone, and phase in real time.

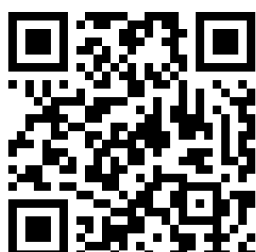

PUBLIC PROJECTS COME WITH PREVAILING WAGE, PLAs, AND CONSTANT AUDITS.

AUDIT-READY COMPLIANCE

- Track prevailing wage, PLA requirements, and certified payroll in real time.
- Keep compliance documentation ready when auditors ask.

SCHEDULE YOUR
LABOR REVIEW

“

“SLM’s tailored reporting makes things much easier for our team. With all communication coming from one source, our email oversight is simpler, and our **management team stays aligned**. The days of messaging between me, our construction managers, our PM, and 10–11 different staffing agencies are over.”

-Safety Manager at Prime Controls
